

## **The Blueprints Of God**

The world was framed by God and everything put in order by him, the earth and the fullness thereof belongs to him. He designed the world to his on pleasing and he has set in order the things which pertain to his glory. His word needs no interpretation it just needs to be followed by those who will enter into the Kingdom of God.

Mankind tries to build without the blueprints they build houses that will not stand. They try to build Kingdoms of their own will and not Gods. The Ark in Noah's day had a specific blueprint it was built exactly like Noah heard from God, it was built out of a certain kind of wood {Gopher wood} it was so long, so high, had one door one window and it was filled with everything God told Noah to fill it with and it was salvation to Noah and his family.

The tabernacle in the wilderness was built on the very plan of God nothing in any way was altered by Moses.

1. Every color every post every fabric every kind of metal used was specific blueprints of God.
2. They showed the future the past and the things in between life it was Israel salvation and protection.

Today men choose to disobey the Lord they build on foundations that crumble and fall apart, they have families that die, churches that are empty or close to being empty why?

Because people don't want to follow the blueprints that God has given them.

The scripture verse in Psalms 127:1

Except the LORD build the house, they labor in vain that build it: except the LORD keep the city, the watchman wakes but in vain.

Without the blueprints of God we cannot build the kingdom of the Lord for he has set in order by his word and the foundation has been laid.

The book of Genesis is the beginning of a perfect world designed by a perfect God to his own satisfaction.

Gen 1:1-6

In the beginning God created the Heaven and the earth. {He needed no help}

2 And the earth was without form and void; and darkness was upon the face of the deep. And the Spirit of God moved upon the face of the waters.

***God took nothing and made something!***

3 And God said, Let there be light: and there was light.

**{His word alone is powerful}**

4 And God saw the light, that it was good: and God divided the light from the darkness.

5 And God called the light Day and the darkness he called Night. And the evening and the morning were the first day.

6 And God said, Let there be a firmament in the midst of the waters, and let it divide the waters from the waters.

God is a Kingdom builder everything he touches and creates is to his satisfaction;

John 1:1-5

1 In the beginning was the Word and the Word was with God and the Word was God.

2 The same was in the beginning with God.

3 All things were made by him; and without him was not anything made that was made.

***If we try to build this church without him it will fail.***

4 In him was life; and the life was the light of men.

5 And the light shined in darkness; and the darkness comprehended it not.

Light and darkness cannot mix. In the end God will separate the light which is the Glory of God from the sin that is of the Devil Satan.

The first book of the Bible God built a perfect place he created a perfect man and gave him dominion over all his creation he made man in his likeness he made him perfect.

God gave man a perfect woman taken from the side of man to become a help mate he told them to be fruitful and multiply and replenish the earth. God's intention was that mankind would live in a perfect world designed by a perfect God who wanted a world full of his Perfection.

- **God is the master builder the Grand Architect of all creation:**
- **The Bible is a love letter from God filled with instructions to man on how to live a perfect life before the Lord.**
- **And he lets us see the consequences to what happens when we try to design our own wills over his will.**

Adam had it made in a perfect place free from any corruption, he had just one commandment to keep and life would be good and God would visit him every day to commune with him, like a loving Father checking on the one he loved.

It delighted God to make sure Adam was happy and that all his needs were met.

Paradise was just that a place of perfect love in the will of our perfect Creator.

But God has blueprints: a Blueprint is; A detailed plan of action. It is the divine instructions of God to humanity on how to live the perfect life before God.

You can't just hand a blueprint to just anyone, the blueprint has to be understood by the builder, it is the layout of a structure and altering from the blueprints and trying to build around it will make the structure weak and it could fall apart.

The Apostle Paul told his young associate Timothy in **2 Tim 2:15-16 Study to show thyself approved unto God, a workman that needed not to be ashamed, rightly dividing the word of truth.**

**16 But shun profane and vain babblings: for they will increase unto more ungodliness.** {Those who try to build on something other than the gospel}

Suppose those who build great ships and aircrafts and other mechanical things, what would happen if they changed the blueprint what if they decided to replace something not knowing themselves if it would make it safe for a person to use.

1. The Bible is the same way you can't just read a page and say well this all I need to build my life on.
2. The Bible is the blueprint on building a relationship with God altering the plan only brings destruction;

God called me and placed the blueprint in my hand to build up the Kingdom of God on earth.

When you go to jobsite you will find many men but not everyone there is the boss or the foreman, the work site is built up of many different type of people.

There are Architects, that design the building they lay out all the plans and they put capable people in charge of carrying out the plan.

1. There are contractors that bid on the job and they hire people to do the building they hire people that know the business.
2. There are crew leaders that make sure the job is done and he reports to his Supervisor the progress being made.
3. There are those that can weld, carpenters, Masons that are skilled in constructions.
4. They all have their own skills.
5. Not everyone are electricians, you can't take a brick layer and have him to wire up a million dollar building.
6. Nor can you take an electrician and have him lay the blocks for the building unless he is gifted in many areas of constructions.
7. Usually they bid out the jobs the, plumber does the plumbing the electrician does the electric, the mason lays blocks the concrete workers pour the concrete. Everyone to his own profession.

The same way works in the church: Eph 4:10-13 He that descended is the same also that ascended up far above all heavens, that he might fill all things.)

11 And he gave some, apostles; and some prophets; and some evangelists; and some pastors and teachers;

12 For the perfecting of the saints, for the work of the ministry, for the edifying of the body of Christ:

13 Till we all come in the unity of the faith and of the knowledge of the Son of God, unto a perfect man, unto the measure of the stature of the fullness of Christ:

Not everyone is called to be an Apostle, or a prophet, or an Evangelist or a Pastor, or a teacher.

***You cannot lead if you can't follow:***

***You can't teach if you're not teachable.***

***You can't Pastor if you can't be pastored.***

***You can't preach without the calling of God.***

No one just jumps into something and says I think I can do this and never done it before the results usually ends up a disaster.

God has the blueprints for the church: He has called different ones to do specific jobs appointed by the leader of the church.

If a person has a position and can follow instructions and make a difference they can become more aware of the things that each calling has.

1 Timothy chapter three gives us the blueprint for the different callings in the church.

1 Tim 3:1-9 This is a true saying, if a man desire the office of a bishop, he desired a good work.

The bishop's duties are administration; the bishop is described as the "steward of God." (Titus 1:7)

2 A bishop then must be blameless, the husband of one wife, vigilant, sober, of good behavior, given to hospitality, apt to teach;

3 Not given to wine, no striker, not greedy of filthy lucre; but patient, not a brawler, not covetous;

4 One that ruled well his own house, having his children in subjection with all gravity;

5(For if a man know not how to rule his own house, how shall he take care of the church of God?)

**6 Not a novice lest being lifted up with pride he fall into the condemnation of the devil.**

7 Moreover he must have a good report of them which are without; lest he fall into reproach and the snare of the devil.

8 Likewise must the deacons be grave, not double tongued, not given to much wine, not greedy of filthy lucre;

9 Holding the mystery of the faith in a pure conscience.

God has a proving ground for all that are called to be leaders in the Kingdom of God.

Abraham had men that were faithful and proved to be just that. When Abraham sent his servant to find a wife for Isaac he told him where to go and what to look for.

The most important thing about this commission is that the wife must not be a Canaanite, but must come from Abraham's own kin. They were never to marry the foreign women either of Canaan or of Egypt.

Abraham wants the servant to swear by the Lord, the God of heaven that the servant will not try to find a wife for Isaac from the daughters of the Canaanites. He even makes his servant place his hand under his thigh in confirmation of this.

God has his reasons for this and it is Gods blueprint of things to come. When men and women are converted we become of the household of God and his blue print for this is recorded in: **Acts 2:38 Then Peter said unto**

them, Repent, and be baptized every one of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Ghost.

If we alter the blueprints the house is not built according to the master builder and it will not stand.

There are many writers of the bible but only one Author and his name is Jesus the King of Kings and Lord of Lords.

People are particular about the way they build their own houses and rule their homes and their children but when it comes to the blueprints of God we think we can change them at will and it should be ok.

You may be able to fill in a crack with calk or mud and you may not use as many nails as required and you can get by with a lot of mistakes you cover up when you are building a natural house but it is altogether different when you are building a house that is to be filled by the Lord of glory.

Matt 5:18-19

18 For verily I say unto you, Till heaven and earth pass, one jot or one tittle shall in no wise pass from the law, till all be fulfilled.

19 Whosoever therefore shall break one of these least commandments and shall teach men so he shall be called the least in the kingdom of heaven: but whosoever shall do and teach them, the same shall be called great in the kingdom of heaven.

Rev 22:18-21

18 For I testify unto every man that hears the words of the prophecy of this book, **If any man shall add unto these things**, God shall add unto him the plagues that are written in this book:

**19 And if any man shall take away from the words of the book of this prophecy, God shall take away his part out of the book of life, and out of**

**the holy city and from the things which are written in this book.**

20 He which testifies these things said Surely I come quickly. Amen. Even so, come, Lord Jesus.
