

## Why Don't Christians Sing?

A short outline that scripturally focuses on the reasons why some do not sing in the church as worship to God.

### I) Why don't Christians sing?

- A) Prevented by illness or unfamiliarity with the song - understandable, but rare
- B) "Singing is only for women and girls" - sign of sexism in church, shown in membership and spirituality everywhere - Gal 3:28; 1 Pet 3:7
- C) "Don't have a good voice" - purpose of singing is not to please ears of man, but God - spiritual ears not physical - Jn 4:24
- D) "Not in the mood, bored" - whose fault is that - God's? or yours? - Mal 1:13

### II) Why should Christians sing?

- A) Speak to one another - Eph 5:19 - teaching and admonishing - Col 3:16
- B) Thank God - Eph 5:20; Col 3:15-17
- C) Praise God - Jas 5:13

### III) What should we do?

- A) Examine yourself - 2 Cor 13:5 - why aren't you singing?
- B) Count your blessings - Psa 148

**Conclusion:** I realize that singing is not an end unto itself. But not singing is a symptom of a problem - indifferent Christianity - which will show other symptoms, like poor attendance, sparse contribution and eventually abandonment of the body of Christ.
