

Thankfulness, Changing the Frequency of Life

Genesis 41:52 And the name of the second called he Ephraim: For God hath caused me to be fruitful in the land of my affliction.

If you have ever played with an analog radio, you know that the slightest alteration to the frequency can either bring clarity or confusion. The same is with our walk with God. The environments we allow ourselves to be in can be either helpful or hurtful. Many times our approach or attitude determines the outcome or how the environment affects us. Spiritual life and death are in the power of the tongue.

What Is the Balance Between Believing and Questioning?

“To believe with certainty, we must begin with doubting.” – Polish Proverb

Fear cannot overcome our passionate pursuit of God! It is always okay to question; we just cannot quit!

Mark 9:22-24

22 And oftentimes it hath cast him into the fire, and into the waters, to destroy him: but if thou canst do any thing, have compassion on us, and help us.

23 Jesus said unto him, If thou canst believe, all things are possible to him that believeth.

24 And straightway the father of the child cried out, and said with tears, Lord, I believe; help thou mine unbelief.

I will and can change my atmosphere!

Thankfulness is not always gratitude, but it also an attitude for what He can do!

1. I am going to need God again.
2. I will need something to stand on.
3. My past will always propel my future!
